

Golden Green

Intro: G / G / F / C

G
She's golden but she's green

G
And all the things that I have seen

F C G
And all the items that I'm hoarding up the back stairs

Give 'em to me give 'em now
Shut it up you silly cow
How could you say that even think that how

Chorus:

G
These words are not my own

F
They only come when I'm alone

C G
She is loved and she is welcome in my home

She's taken all my vitamins
Used up my lighter fuel
I'm sure she stole all of my pencil lead in school
Oh don't flap I'll give it back
But woman it's not the lack of my possessions
That is making me feel cruel

Chorus:

Take it up

A
And if she loves me she'll say that she loves me

G D
Lies would shine in her eyes

A
And if she loves me she'll say that she loves me

G D A
Even lies would shine in her eyes

(Guitar continues with A / G / D instead of G / F / C)

Chorus:

Yeah...
Hup Hup Hup-Hup-Hup-Hup

Chorus:
